CAPTAIN PHISTER'S LOSS

Naphtha Boat Newt Cooper Burned Early This Morning

The Newt Cooper, the pride of outing parties, burned this morning about 7 o'clock to the water's edge.

The fire is said to have been caused by a workman striking a match to light his pipe. Had the firemen reached the boat sooner much of her top works could have been saved. The Cooper belonged to Captain C. M. Phister, and unfortunately was the only piece of property not insured, the insurance companies refusing the risk.

The loss will be between \$600 and \$800.

ANOTHER JUST DECREE

Court of Appeals Throws Down a Hobo Damage Suit

The Court of Appeals yesterday reversed the damage judgment of the Campbell Circuit Court in the case of the Maysville and Big Sandy Railroad Company against Elmer McCabe, and directs a dismissal of the case for the defendant. McCabe received judgment below for \$3,000 for the loss of a leg.

The Honorable McCabe was one of a quarter dozen of 33° hoodlums who disembarked from the bumpers and took rooms in the middle of the main C. and O. track in the West End Yards in this city a year or so ago.

A train came along and fortunately killed one of the gang, the others escaping with the loss of a few legs.

The two survivors were about the toughest youngsters that ever waltzed down the pike, one of them, a fuzless youth, cursing every Doctor who attempted to relieve his sufferings.

What was left of them after the Surgeons got through was taken to Newport, where one died afterward; and McCabe is left as a monument to the mysteries of Providence.

Lawyers were found to bring damage suits for each in the sum of \$15,000—\$45,000 in all—and the McCabe case is the first to be finally thrown out of Court.

The Murphysville school, which had closed on account of diphtheria, has reopened.

Mr. Joseph Forman is very ill at the home of his sister, Mrs. H. M. Warder, near Helena.

Out of eighty-two replies received by the Commercial Club of Louisville to letters addressed to members of the Kentucky Legislature asking for information as to their position on the question of changing the site of the proposed new State Capitol, sixty-five express themselves as being in favor of the proposed change and seventeen against.

MY WIFE'S FAMILY.

The Louisville Courier-Journal of Tuesday, September 20th, says:

A piano—usually an object of harmony—is responsible for the plot and many of the flashes of humor in "My Wife's Family" as produced at the Masonic Theater by a capable company. The piano is mistaken for a faithless husband's sweetheart, a baby and countless other articles of family bric-a-brac, and in destroying it with dynamite the husband brings about his father-in-law's arrest for murder. The situations are sufficiently complex to afford more than the usual amount of laughter at their absurdity, but this humor is heavily re-enforced by the comedy of Hal Stephens as "Doc Knott," "My Wife's Physician." The musical numbers were light, but came at opportune times, and evidently pleased, if applause be a criterion. The show itself is well-staged, well-costumed and offers an evening's entertainment.

At The Washington Saturday, October 1st. Tickets on sale at Ray's Thursday morning.

SOME of the Democrats who have been whipped into line are already promising to be for the Gold Standard "if I am treated right."

JUDGE PARKER, in a few sentences and paragraphs of some two thousand words, has accepted the Democratic nomination for the Presidency.

No goods purchased abroad are cheap that take the place of our own labor and our own raw material. Freetrade is not cheap to the people of this country.

THERE is work in Maysville now for every one who is willing to work. Those who are able and won't work, ought to be compelled to leave the city. This is no place for idlers, bums and thieves.

A CINCINNATI man fatally stabbed another because he was too lazy to work. If the habit should reach Maysville there'd be an epidemic of carvings on the Market Street Esplanade, where the city has provided luxurious settees for a multitude of Knights of Rest.

A DAY or so since a prominent manufacturer accosted about forty local members of the Consolidated Union of Knights of Rest, offering profitable employment, and out of the whole bunch he secured just one. Winter is coming on; and it would be a good plan to take the names of all those who now refuse to work, so that they may not be given coal and provisions at the public expense.

JUDGE PARKER's acceptance of the nomination will be about all he will accept.

It was expected that the Democratic campaign text-book would attempt to substantiate the claim that the cost of living during the past few years has increased at a greater ratio than incomes and wages. Even if the cost of living has increased say 25%, and if wages had increased only 24%—which is not by any means true—there would be no argument whatever in favor of a return to the days of GROVER CLEVELAND and the Wilson-Gorman Law. During that period SAMUEL GOMPERS says there were idle in this country fully 3,000,000 men, most of whom have employment today. Will Democratic managers kindly tell us the percentage in increased wages received by those 3,000,000 men? During the same period there were 3,000,000 more workers in the United States employed only part of the time. Those 3,000,000 are today almost without exception employed at full time. Will the Democratic managers deny that their wages have not been doubled during the past few years under the operation of the Dingley Tariff, and that if their cost of living has been increased by from 20 to 30% they are not even then very much the gainers? In addition to this full measure of employment, in addition to this added employment, are the increased wages over 1894, 1895 and 1896, which has permitted these wage-earners to almost double their savings; which has permitted the farmers to cancel their mortgages, and which has permitted the highest scale of living and existence ever known before in this or any other country.

Mr. George N. Crawford, blacksmith and wheelwright, corner of East Second and Lee streets, says:

"The great benefit which speedily follows the use of Doan's Kidney Pills seems little short of miraculous. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and by the time I had used one box I was cured. If any one suffers from kidney trouble while such an effective kidney cure as Doan's Kidney Pills can be had the fault is their own."

CHARLES WANTS MONEY

Former Citizen Here Files Modest Suit Against the C. and O.

At Covington yesterday Charles Braxton filed suit for \$2,000 damages against the C. and O. Railway Company.

Plaintiff alleges that on August 22d, 1904, while driving across the railroad crossing at Craig and Bremen streets, early in the morning of that day, an engine with passenger coaches, backing toward Cincinnati, ran into the two-horse team he was driving, and he was thrown and injured thereby.

Plaintiff avers that although there are gates at the crossing where the accident occurred, they were not down, and by neither whistle, bell nor watchman was he warned of the approaching train, which at that point could not be seen until it was upon him.

If the averments be true, it looks like Charles has a pretty fair case; at all events, his claim is a modest one, comparatively speaking.

Braxton is a colored man, whose home was formerly in this city.

The Question?

Is, are you willing to let your hair continue to fall out and you eventually become bald? Or would you, if you knew how, stop it from falling? The safest and best way to stop your hair from falling is to use Picard's Capi-Vita Hair Tonic, a positive cure for dandruff, the cause of falling hair.

Sure
Relief for Women.

No. 18 Central Ave.
HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years.

I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

Anna Nelson
ORATOR, WEDNESDAY CHAUTAUQU CLUB.

WINE of CARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Secure a bottle of Wine of Cardui from your druggist today and begin treatment immediately.

LIMB AMPUTATED
William Hickie, Hurt Three Weeks Ago, Loses His Left Leg

Some three weeks ago William Hickie, aged about 22, was knocked from the C. and O. viaduct that crosses the lower grade and among other injuries had his left leg badly crushed above the ankle.

He has been cared for at the City Almshouse and yesterday the Physician of that institution, Dr. W. S. Yazell, found it necessary to amputate the injured limb.

It is supposed that at the time of the accident Hickie had made his bed for the night on the railway track, as he was found at an early hour in the morning on the ways of the Dodson Coal Elevators in a crippled condition.
